- splits (sub-division)/reverse splits (consolidation); and
- scrip issues (capitalisation or bonus issue).

A corporate event is a reaction to company news (event) that may impact the index depending on the index rules. For example, a company announces a strategic shareholder is offering to sell their shares (secondary share offer) – this could result in a free float weighting change in the index. Where an index adjustment is required, FTSE Russell will provide notice advising of the timing of the change.

8.2 Shares in issue

8.2.1 Changes to the number of shares in issue for constituent securities are covered in the Corporate Actions and Events Guide.

- 8.6.2 If a constituent company in the FTSE Custom All-Share ex Investment Trust Exclusions 5% Capped Index is taken over by a non-constituent company, the original constituent will be removed.
