FTSE China Index Series Quarterly Review – Q2 2023

- Two additions to the FTSE China A50 Index
- Two additions to the FTSE China 50 Index

FTSE Russell, a leading global index provider, has today announced the results of the FTSE China Index Series quarterly review for June 2023.

In the FTSE China A50 Index, Beijing-Shanghai High Speed Railway (A) (SC SH) and Gree Electric Appliances Inc of Zhuhai (A) (SC SH) will be added in this review period, with China Vanke (A) (SC SZ) and SAIC Motor (A) (SC SH) being deleted.

In the FTSE China 50 Index, CRRRC (H) and PICC Property & Casualty (H) will be added in this review period, with GANFENG LITHIUM (H) and Li Ning (P Chip) being deleted.

FTSE China indices are widely regarded as a leading measure of the China equities market by domestic and international investors. Nearly 60% of Assets under Management (AuM) in globally issued China Exchange Traded Funds (ETFs) track a FTSE China index.

The FTSE China A50 Index represents the 50 largest A-Share companies in China and is tracked by both domestic investors and internationally through a range of QFII/Stock Connect investment portfolios.

The FTSE China 50 Index is a tradable index which captures the largest and most liquid Chinese stocks (H Shares, P Chips and Red Chips) listed on the Hong Kong Stock Exchange.

Several changes were also made to other indices in the comprehensive FTSE China Index Series which consists of over 260 indices covering A Shares, B Shares, H Shares, Red Chips and P Chips. Full details of all inclusions and exclusions for the FTSE China Index Series can be obtained [here](#).

All changes from this review will be made effective from start of trading on 19 June 2023. The next review will take place in September 2023.

More information about the FTSE China Index Series including index rules governing the series is available at <https://www.ftserussell.com/products/indices/china>

Notes to editors:

About FTSE Russell:

FTSE Russell is a global index leader that provides innovative benchmarking, analytics and data solutions for investors worldwide. FTSE Russell calculates thousands of indexes that measure and benchmark markets and asset classes in more than 70 countries, covering 98% of the investable market globally.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. Approximately \$17.9 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create ETFs, structured products and index-based derivatives.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on applying the highest industry standards in index design and governance and embraces the IOSCO Principles. FTSE Russell is also focused on index innovation and customer partnerships as it seeks to enhance the breadth, depth and reach of its offering. FTSE Russell is wholly owned by London Stock Exchange Group.

CORPO

Past performance is no guarantee of future results. Charts and graphs are provided for illustrative purposes only. Index returns shown may not represent the results of the actual trading of investable assets. Certain returns shown may reflect back-tested performance. All performance presented prior to the index inception date is back-tested performance. Back-tested performance is not actual performance, but is hypothetical. The back-test calculations are based on the same methodology that was in effect when the index was officially launched. However, back-tested data may reflect the application of the index methodology with the benefit of hindsight, and the historic calculations of an index may change from month to month based on revisions to the underlying economic data used in the calculation of the index.
