Capitalised terms used in this CDS Clearing Operations Procedure and not otherwise defined herein shall have the meaning given pursuant to the remainder of the CDS Clearing Documentation, as such term is defined in the document entitled "CDS Clearing Rule Book" published by LCH SA, as amended from time to time.

5.1 THE CDS CLEARING SERVICE

(a) Membership of Industry Organisations or Systems

Pursuant to Article 2.2.6.1 of the CDS Clearing Rule Book, LCH SA designates:

- (i) the Approved Trade Source Systems identified in a Clearing Notice;
- (ii) ISDA; and
- (iii) TIW,

as the industry organisations of which all Clearing Members must be a member (provided that, with respect to Approved Trade Source System membership, a Clearing Member must be a member of at least one (but is not required to be a member of each identified Approved Trade Source System). LCH SA may, from time to time, and where it is reasonable for it to do so or is otherwise necessary for a Clearing Member to utilise the CDS Clearing Service, designate other industry organisations or systems, and will issue a Clearing Notice where this is the case.

(b) Business Days

A "Business Day" is defined in the CDS Clearing Rule Book. It is every day, except days on which TARGET2 is closed, irrespective of public holidays in France or elsewhere.

(c) Opening hours

LCH SA is open during the Real Time Session. During the Real Time Session the operations team of LCH SA is available. The operations team handles all questions relating to trade management.

(d) Clearing Days

A "Clearing Day" is defined in the CDS Clearing Rule Book. It is a day on which the CDS Clearing System is open for business. For the avoidance of doubt, all Clearing Days will be Business Days, but not all Business Days will be Clearing Days.

5.2 BACKLOADING TRANSACTIONS

Unless otherwise provided herein, any email required to be sent to LCH SA under this paragraph 5.2 should be sent to the CDSClear Operations Department at the following email address: cdsclear.ops@lch.com.

(a) Backloading Failure

Pursuant to Article 3.1.3.1 of the CDS Clearing Rule Book, if a Backloading Failure occurs in respect of one or more Clearing Member(s), the following will be removed from the relevant Weekly Backloading Cycle and/or Daily Backloading Cycle:

(i) the trade leg of every Backloading Transaction which was due to give rise to the registration of a Cleared Transaction in the Trade Account(s) of the Failed Backloading Clearing Member(s);

(ii) the corresponding trade leg(s) for each Backloading Transaction mentioned in Paragraph 5.2(a) (i) above and which were due to give rise to the registration of Cleared Transaction(s) in any Trade Account(s) of any Clearing Member other than the Failed Backloading Clearing Member(s) (the "Counterparty Clearing Member(s)"); and

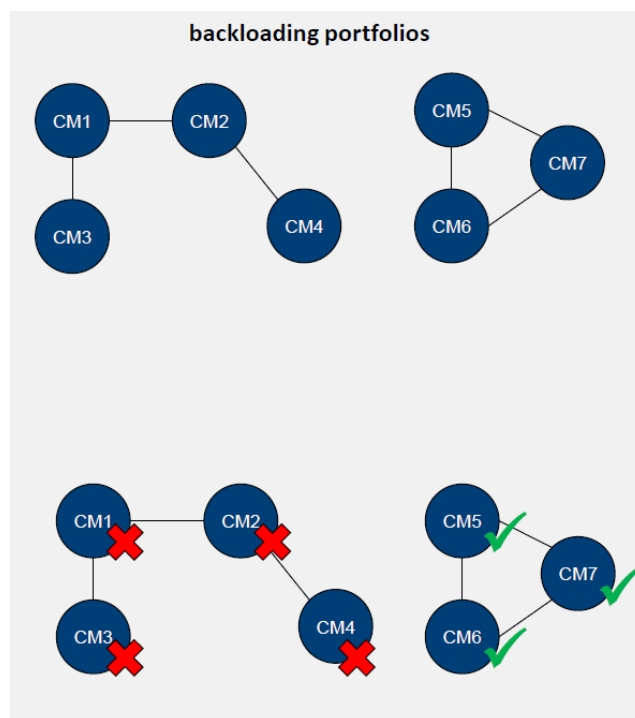

(iii) the following Backloading Transactions, which are "linked" to the Backloading Transactions referenced in Paragraph 5.2(a)(i) and (ii) above for the purposes of Article 3.1.3.1 of the CDS Clearing Rule Book, and comprise:

(a) the trade legs of any other Backloading Transactions due to give rise to the registration of a Cleared Transaction in any Trade Account of the Counterparty Clearing Member;

(b) the corresponding trade legs of each Backloading Transaction mentioned in Paragraph 5.3 (a)(iii)(a) above and which were due to give rise to the registration of Cleared Transaction(s) in any Trade Account(s) of any Clearing Members other than the Failed Backloading Clearing Member(s) and the Counterparty Clearing Member(s) (the "Indirect Counterparty Clearing Member(s)").

The provisions of Paragraph 5.3(a)(iii) shall apply *mutatis mutandis* to the Backloading Transactions to which the Indirect Counterparty Clearing Member(s) are party; accordingly, any Backloading Transaction which is "linked" to a Backloading Transaction entered into by an Indirect Counterparty Clearing Member will also be removed from the relevant Weekly Backloading Cycle and/or Daily Backloading Cycle.

The following diagram illustrates the Backloading Transactions which will be removed from the relevant Weekly Backloading Cycle and/or Daily Backloading Cycle.

In this diagram, Backloading Transactions entered into between seven Clearing Members have been considered:

- CM1 has entered into Backloading Transactions with CM2 and CM3;
- CM2 has entered into Backloading Transactions with CM1 and CM4;
- CM3 has entered into Backloading Transactions with CM1;
- CM4 has entered into Backloading Transactions with CM2; and
- CM5, CM6 and CM7 have entered into Backloading Transactions with each other.

Assuming CM1 is a Failed Backloading Clearing Member, the following Backloading Transactions will be removed from the relevant Weekly Backloading Cycle and/or Daily Backloading Cycle and shall become Rejected Transactions:

- Backloading Transactions entered into by CM1;
- Backloading Transactions entered into by CM2 and CM3, including any Backloading Transaction which has not been entered into with CM1; and
- Backloading Transactions entered into by CM4 (for the avoidance of doubt, which would also include any Backloading Transaction which was not entered into with CM2 but with other Clearing Members, should it be the case).

Only the Backloading Transactions entered into by CM5, CM6 and CM7 will be novated.

(b) Weekly Backloading Cycle

Pursuant to Section 3.1.1 of the CDS Clearing Rule Book, LCH SA operates a Weekly Backloading Cycle in accordance with the timetable set out in a Clearing Notice. For the avoidance of doubt, only CDS or Index Swaption with two House Trade Legs can be submitted for clearing through the Weekly Backloading Cycle.

(c) Daily Backloading Cycle

Pursuant to Section 3.1.2 of the CDS Clearing Rule Book, LCH SA operates the Daily Backloading Cycle in accordance with the timetable set out in a Clearing Notice. For the avoidance of doubt, CDS or Index Swaption having either House Trade Legs or Client Trade Legs can be submitted for clearing through the Daily Backloading Cycle.

5.3 CLEARING OF CLIENT TRADE LEGS

(a) The Client Transaction Checks

Upon successful completion of the Eligibility Controls of:

- (i) an Intraday Transaction, other than an Intraday Transaction that is a Trading Venue Transaction, comprising one or more Client Trade Leg(s), or
- (ii) a Client Backloading Transaction,

LCH SA will request the consent (the “**Consent Request**”) of the Nominated Clearing Member(s) by carrying out the following process:

- (i) if such Intraday Transaction or Client Backloading Transaction has two Client Trade Legs and the relevant Clients do not have the same Nominated Clearing Member: LCH SA will send a Consent Request to each Nominated Clearing Member;
- (ii) if such Intraday Transaction or Client Backloading Transaction has two Client Trade Legs and the relevant Clients have the same Nominated Clearing Member, LCH SA will send two separate Consent Requests, in relation to the relevant Intraday Transaction or Client Backloading Transaction, to such Nominated Clearing Member;
- (iii) if such Intraday Transaction or Client Backloading Transaction has only one Client Trade Leg, LCH SA will send (x) a Consent Request to the Nominated Clearing Member and (y) an automated message to the Clearing Member holding the House Trade Leg confirming the submission for clearing to LCH SA of such Intraday Transaction or Client Backloading Transaction.

A Consent Request shall be processed in accordance with either paragraph 5.3(b) or paragraph 5.3(c).

- (b) Intraday Transactions and Client Backloading Transactions – Automatic Clearing Member take-up process

Each Clearing Member may, in respect of each of its Clients, configure the CDS Clearing System so that Intraday Transactions, which are not Trading Venue Transactions, and/or Client Backloading Transactions:

- (i) which are entered into by any such Clients, and
(ii) in respect of which it is a Nominated Clearing Member,

are deemed to be automatically accepted for clearing upon the sending of the relevant Consent Request(s) to such Nominated Clearing Member (the “**Automatic Take-up Process**”). For the avoidance of doubt, such Nominated Clearing Member shall, in each case, not be requested to respond to the relevant Consent Request(s).

- (c) Intraday Transactions and Client Backloading Transactions – Manual Clearing Member take-up process

For each Client in respect of which no Automatic Take-up Process has been set up by its Clearing Member:

- (i) LCH SA shall send a Consent Request to such Clearing Member, acting in its capacity as Nominated Clearing Member, for each Intraday Transaction, other than an Intraday Transaction that is a Trading Venue Transaction, or Client Backloading Transaction entered into by such Client; and
(ii) the relevant Nominated Clearing Member must accept or reject such Consent Request (the “**Manual Take-up Process**”). If the relevant Nominated Clearing Member has not responded to such Consent Request within the required timeframe, if any, under Applicable Law, or otherwise by the End of Real Time on the relevant Clearing Day, the Nominated Clearing Member will be deemed to have rejected the Consent Request and the related Intraday Transaction or Client Backloading Transaction will become a Rejected Transaction.
(d) Intraday Transactions and Client Backloading Transactions - Notifications

Following the Automatic Take-up Process or the Manual Take-up Process, LCH SA will notify the relevant Approved Trade Source System, Trading Venue and/or Clearing Member(s) (as applicable) whether the relevant Intraday Transaction or Client Backloading Transaction has been accepted or rejected for clearing within the required timeframe, if any, under Applicable Law.

- (e) Indirect clearing

When a CCM Client providing indirect clearing services to CCM Indirect Clients submits a Client Trade Leg of a CDS or of an Index Swaption for the account of a CCM Indirect Client for clearing by LCH SA via an Approved Trade Source System, that CCM Client will indicate the specific trading code allowing for the proper identification of Client Trade Legs submitted for its CCM Indirect Client. LCH SA will then use that specific trading code, together with the Original Transaction Data, received from the Approved Trade Source System to determine the appropriate CCM Client Trade Account of the relevant CCM Indirect Client Segregated Account Structure in which to register such Client Trade Leg.

(f) Clients and CCM Indirect Clients' branches

Each Client of a Clearing Member may opt for multi-branch management allowing such Client to allocate Client Cleared Transactions registered in the relevant Client Trade Account to one of its branches or as the case may be, CCM Indirect Clients' branches, through which such Client, or CCM Indirect Client, operates. For this purpose, the Client will provide a specific code identifying its branch or the CCM Indirect Client's branch for a Client Trade Leg submitted for clearing to LCH SA by the relevant ATSS Participant.

The Clearing Member may update the allocation of Client Cleared Transactions registered in a Client Trade Account of such Client between its branches or, as the case may be, between the CCM Indirect Clients' branches, through the LCH Portal. Where each branch of a Client or a CCM Indirect Client's branch is identified in the TIW with a specific code, LCH SA will reflect each reallocation in the records of the TIW on its own behalf and on behalf of the relevant Clearing Member.

"LCH Portal" is the single sign-on solution for various LCH SA applications to which Clearing Members may have access over secured Internet.

For the avoidance of doubt, identification *per* branch of a Client or a CCM Indirect Client only affects Client Cleared Transactions held in the relevant Client Trade Account and has no effect on the net position held in the corresponding Client Margin Account. Furthermore, identification *per* branch of a Client or a CCM Indirect Client has no effect on the risk calculation which is based on the net position held in the relevant Client Margin Account.

5.4 CDS CLEARING MEMBER REPORTING

(a) Means of access and reporting mechanisms

LCH SA will ensure that all CDS Clearing System reports and files are accessible by Clearing Members through any means of access or reporting mechanism specified in a Clearing Notice.

(b) ClearLink gateway

Messages relating to the acceptance or rejection of Consent Requests, the novation and registration of Original Transactions and the various reports related to Cleared Transactions will be sent and received by LCH SA, the Clearing Members, the Approved Trade Source Systems using the ClearLink gateway.

5.5 TRADE COMPRESSION

LCH SA will provide trade compression services to Clearing Members on an ad hoc and on an automatic basis to allow Clearing Members to reduce the number of Cleared Transactions they hold in their House Trade Account and in each of their Client Trade Accounts. This allows, among other things, Clearing Members to reduce the administration associated with their portfolio of Cleared Transactions. For the avoidance of doubt, LCH SA will provide trade compression to Clearing Members on both an ad hoc and automatic basis on any Clearing Day.

Each Clearing Member or Client, as applicable, may elect to compress any or all of its Cleared Transactions in any of its Trade Accounts provided that:

(i) such Cleared Transactions are of the same CDS Type or Swaption Type;

(ii) the Initial Payment Amounts or in respect of the ad-hoc compression of Index Swaption Cleared Transactions, Premiums, relating to such Cleared Transactions have been settled; and

(iii) where a Client has opted for multi-branch management of the corresponding Client Trade Account of its Clearing Member, automatic trade compression will be processed at the level of the branches within the same Client Trade Account, subject to the election by a Clearing Member to exclude some of the branches from this process as set in Paragraph 5.5 (b) below.

In respect of the compression of Cleared Transactions that are Index Cleared Transactions or Single Name Clearing Transactions:

(x) the Fixed Rate Payer Calculation Amount for the new Cleared Transaction will be the absolute value of the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Buyer less the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Seller;

(y) if the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Buyer is greater than the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Seller then the Clearing Member will be the CDS Buyer on the resultant Cleared Transaction. If the opposite is true then the Clearing Member will be the CDS Seller on the resultant Cleared Transaction;

(z) if the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Buyer is equal to the sum of Fixed Rate Payer Calculation Amounts for Cleared Transactions where the Clearing Member is the CDS Seller then no resultant trade is booked.

In respect of the compression of Cleared Transactions that are Index Swaption Cleared Transactions:

(x) the Original Notional Amount for the new Cleared Transaction will be the absolute value of the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Buyer less the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Seller;

(y) if the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Buyer is greater than the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Seller then the Clearing Member will be the Index Swaption Buyer on the resultant Cleared Transaction. If the opposite is true then the Clearing Member will be the Index Swaption Seller on the resultant Cleared Transaction;

(z) if the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Buyer is equal to the sum of Original Notional Amounts for Cleared Transactions where the Clearing Member is the Index Swaption Seller then no resultant trade is booked.

For the avoidance of doubt, compression only affects Cleared Transactions held in the relevant Trade Account and has no effect on the net position held in the Margin Account. Furthermore, compression has no effect on the risk calculation which is based on the net position held in the Margin Account.

(a) Ad-hoc compression

A Clearing Member or Client may request ad-hoc compression in accordance with Title III, Chapter 3 of the CDS Clearing Rule Book by up-loading an Ad-Hoc Compression Order File. The Ad-Hoc Compression Order File lists the Cleared Transactions that are to be compressed. The Ad-Hoc Compression Order File should be up-loaded by the Clearing Member or the Client, as applicable, on any means of access specified on the LCH website.

Clearing Members or Clients may only request ad-hoc compression in relation to Index Cleared Transactions, Single Name Cleared Transactions and/or Index Swaption Cleared Transactions which have already been registered in the TIW, in accordance with Article 3.3.1.1(i) of the CDS Clearing Rule Book.

The Ad-Hoc Compression Order File must be received by LCH SA on any Clearing Day through any means of access specified on the LCH website during the Real Time Session in order for the request to be processed and the related Cleared Transactions to be compressed on that same day (day "D"). LCH SA will include the results of the compression in the Cleared Trades Report and Compression Results File in respect of such Clearing Member or Client, as applicable. LCH SA will publish such Cleared Trades Report and Compression Results File via any reporting mechanism specified in a Clearing Notice as soon as practicable on the same Clearing Day as such Clearing Member's request for compression or Client's request for compression, as applicable, and following the implementation of such Clearing Member's request for compression or Client's request for compression, as applicable. Where LCH SA receives such request after the End of Real Time, such request shall be deemed to not have been up-loaded and shall be of no effect.

A Clearing Member may request ad hoc compression in accordance with Title III, Chapter 3 of the CDS Clearing Rule Book and this paragraph 5.5(a) in respect of Cleared Transactions notwithstanding that such Clearing Member has also requested automatic compression in accordance with Title III, Chapter 3 of the CDS Clearing Rule Book and paragraph 5.5(b) below.

(b) Automatic Compression

Automatic Compression as described under this paragraph 5.5(b) can be set up by a Clearing Member in respect of:

- (i) Cleared Transactions which have been novated as part of the Daily Backloading Cycle and/or Weekly Backloading Cycle but have not been yet registered in the TIW; such Cleared Transactions may be compressed either with: (x) other Cleared Transactions which have been novated as part of the same Daily Backloading Cycle or Weekly Backloading Cycle, as applicable, and/or (y) other Cleared Transactions which have been already registered in the TIW (each a "**Backloading Compression**"); and/or
- (ii) Cleared Transactions which are already registered in the TIW.

A Clearing Member may configure the CDS Clearing System to perform automatic compression in respect of any Trade Account in accordance with Title III, Chapter 3 of the CDS Clearing Rule Book. Such a configuration allows the relevant Clearing Member to make the following elections:

- (i) whether the automatic trade compression is processed at the level of (x) the relevant Trade Account or (y) different desks within the same Trade Account,

- (ii) in respect of an automatic compression (other than a Backloading Compression), whether it shall occur on a daily or weekly basis, and
- (iii) whether a list of desks or in respect of Client Trade Accounts, a list of branches of Clients or, as the case may be, a list of branches of CCM Indirect Clients, shall be excluded for the purposes of automatic trade compression.

A Clearing Member may request LCH SA to change its previous election in respect of automatic compression through submitting a request via any means of access specified in a Clearing Notice at any time. Where LCH SA receives such a request by 19:30 via any means of access specified in a Clearing Notice on a Clearing Day (day "D"), the election will be effective from and including the following Clearing Day (day "D+1") unless and until a further request is made. Where LCH SA receives a request after 19:30 via any means of access specified in a Clearing Notice, such request will be effective from and including the second following Clearing Day (day "D+2") unless and until a further request is made.

Compression (other than a Backloading Compression) on a daily basis is performed on each Clearing Day as part of the morning batch process before 09.15 and after the registration in TIW has occurred.

Compression (other than a Backloading Compression) on a weekly basis is performed as part of the morning batch process before 09.15 on Wednesdays (or, if such Wednesday is not a Clearing Day, the next following Wednesday that is a Clearing Day) and after the registration in TIW has occurred.

Backloading Compression is performed as part of the Daily and/or Weekly Backloading Cycle and in any case before the registration in TIW has occurred.

- (c) Restructuring Credit Event

Following the occurrence of a Restructuring Credit Event relating to:

- (i) a Single Name Cleared Transaction; or
- (ii) a Reference Entity referenced by an Underlying Index Transaction to which a set of Index Swaption Cleared Transactions of the same Swaption Type relates,

LCH SA will compress such Single Name Cleared Transaction or as the case may be, such Index Swaption Cleared Transactions resulting in a single position for a Trade Account, on the day determined by the industry for such purposes. If no automatic compression rules have been specified, then compression will be made per desk in respect of each Trade Account.

- (d) Registration of Single Names Cleared Transaction

Single Name Cleared Transactions resulting from any compression as described under this paragraph 5.5 will be registered in the Clearing System under the CDSClear Preferred Reference Obligation as defined under Section 4 of the Procedures.

5.6 PRE-DEFAULT PORTABILITY

In certain circumstances, LCH SA will transfer Client Cleared Transactions from a Carrying Clearing Member to a Receiving Clearing Member, pursuant to Title V Chapter 3 and Title VI Chapter 3 of the CDS Clearing Rule Book. Any actions required to be taken by a Clearing

Member or LCH SA, in order to effect such transfer of Client Cleared Transactions, shall be effected in accordance with the timetable set out in paragraph 5.6 (d) of these Procedures. In the event that the relevant timing and notice requirements are not complied with, unless agreed otherwise between LCH SA and the relevant Clearing Members, the relevant transfer shall not take effect.

Any form referred to in this paragraph 5.6 is available upon request to LCH SA's CDSClear Operations department (CDSClear.ops@lch.com).

(a) Partial Transfers

(v) Article 6.3.3.1 of the CDS Clearing Rule Book, to receive a portion of the Client Cleared Transactions registered in the FCM/BD Client Trade Account of an FCM/BD Client;

it shall provide LCH SA with a form entitled "Client Partial Transfer Form", signed by or on behalf of the relevant Client(s). Such form shall list all of the Client Cleared Transactions that are to be transferred to it pursuant to these Procedures. Following receipt of a form entitled "Client Partial Transfer Form", LCH SA shall notify the Carrying Clearing Member that a request has been received to transfer Client Cleared Transactions. In the event that any of the conditions set forth in Article 5.3.3.1, Article 5.3.3.2, Article 5.3.3.3, Article 5.3.3.4 or 6.3.3.1, as applicable, of the CDS Clearing Rule Book are not satisfied, including where the Carrying Clearing Member notifies LCH SA that certain of the conditions have not been satisfied, using the form entitled "Carrying Member Response Form", LCH SA shall not proceed with the transfer of the Client Cleared Transactions and shall promptly notify the Receiving Clearing Member that the transfer will not proceed.

If the Receiving Clearing Member wishes to proceed with such transfer, it shall be required to submit a new form entitled "Client Partial Transfer Form" in accordance with these Procedures.

(b) Full Transfer

Where a Receiving Clearing Member wishes, pursuant to:

(i) Article 5.3.2.1 of the CDS Clearing Rule Book, to receive a transfer of the entire portfolio (and not less than an entire portfolio) of the Client Cleared Transactions registered in a CCM Client Trade Account of a CCM Individual Segregated Account Client of a Carrying Clearing Member;

(vi) Article 6.3.2.1 of the CDS Clearing Rule Book, to receive a transfer of all the Client Cleared Transactions registered in the FCM/BD Client Trade Account of an FCM/BD Client;

such Receiving Clearing Member shall provide LCH SA with a form entitled "Client Full Transfer Form", in respect of (and signed by or on behalf of) each Client on behalf of whom the relevant transfer would be made. Each such form shall confirm that all Client Cleared Transactions registered in the Client Trade Account(s) shall be transferred pursuant to these Procedures.

Where a Receiving Clearing Member submits a form entitled "Client Full Transfer Form", it must confirm whether or not the Client(s) also wishes to transfer Client Assets. Following receipt of a form entitled "Client Full Transfer Form", LCH SA shall notify the Carrying Clearing Member that a request has been received to transfer Client Cleared Transactions.

In the event that any of the conditions set forth in Article 5.3.2.1, Article 5.3.2.2, Article 5.3.2.3, Article 5.3.2.4, Article 5.3.2.5 or Article 6.3.2.1, as applicable, of the CDS Clearing Rule Book are not satisfied, including where the Carrying Clearing Member notifies LCH SA that certain conditions have not been satisfied, using the form entitled "Carrying Member Response Form", LCH SA shall not proceed with the transfer of the Client Cleared Transactions or the transfer of Client Assets (where applicable) and shall promptly notify the Receiving Clearing Member that the transfer will not proceed.

If the Receiving Clearing Member wishes to proceed with such transfer or any other transfer of the Client Cleared Transactions, it shall be required to submit a new form entitled "Client

Full Transfer Form” or a new form entitled “Client Partial Transfer Form” in accordance with these Procedures.

Once a Carrying Clearing Member has been informed that a form entitled “Client Full Transfer Form” has been received, the Carrying Clearing Member shall not be permitted to submit additional Original Transactions, having Client Trade Leg(s) attributable to the relevant Client(s), for clearing. Such restriction will apply for the period commencing at the End of Real Time on the Business Day on which the relevant Clearing Member receives such notice from LCH SA and ending at the time at which the relevant transfer (including the transfer of the relevant Client Assets, if applicable) is actually effected, fails or is rejected in accordance with Section 5.3.2 or Section 6.3.2, as applicable, of the CDS Clearing Rule Book and these Procedures.

(c) Transfer of Client Assets

Where a Receiving Clearing Member notifies LCH SA that a Client wishes to transfer Client Assets from the Carrying Clearing Member to the Receiving Clearing Member, LCH SA shall notify the Carrying Clearing Member of such request.

With respect to the transfer of a CCM Individual Segregated Account Client, in accordance with Article 5.3.2.1, a CCM Net Omnibus Client Set, in accordance with Article 5.3.2.2, or a CCM Indirect Client Segregated Account Structure, in accordance with Article 5.3.2.5 of the CDS Clearing Rule Book, LCH SA will provide details of the relevant Client Assets to the Receiving Clearing Member and give the Receiving Clearing Member opportunity to reject a transfer of some or all of the Client Assets in accordance with the timetable below.

With respect to the transfer of a CCM Gross Omnibus Multi Sub-Account Client Set, in accordance with Article 5.3.2.3, a CCM Gross Omnibus Single Sub-Account Client, in accordance with Article 5.3.2.4, or an FCM/BD Client, in accordance with Article 6.3.2.1, of the CDS Clearing Rule Book, the Carrying Clearing Member shall confirm to LCH SA, using the form entitled “Carrying Member Response Form” which Client Assets are attributable to the CCM Gross Omnibus Gross Multi Sub-Account Client Set, CCM Gross Omnibus Single Sub-Account Client or FCM/BD Client and the Client Cleared Transactions. In the event that the Carrying Clearing Member fails to do so in accordance with the timetable below, LCH SA shall determine (in its sole discretion) the Client Assets that are to be transferred from the Carrying Clearing Member’s relevant CCM Client Collateral Account in the case of a CCM Gross Omnibus Gross Multi Sub-Account Client Set or a CCM Gross Omnibus Single Sub-Account Client and FCM/BD Client Financial Account in the case of an FCM/BD Client. LCH SA shall notify the Carrying Clearing Member and the Receiving Clearing Member of the Client Assets that will be transferred in accordance with the timetable below. Following receipt of such notification by LCH SA, the Receiving Clearing Member may elect to reject the transfer of some or all of the relevant Client Assets in accordance with Article 5.3.4.2 or Article 6.3.4.2 of the CDS Clearing Rule Book.

In the event that any of the conditions set forth in Article 5.3.2.1, Article 5.3.2.2, Article 5.3.2.3, Article 5.3.2.4, Article 5.3.2.5 or Article 6.3.2.1 of the CDS Clearing Rule Book, as applicable, are not satisfied, including where the Carrying Clearing Member notifies LCH SA that certain conditions have not been satisfied using the form entitled “Carrying Member Response Form”, such that the Client Cleared Transactions will not be transferred, LCH SA shall not proceed with the transfer of the relevant Client Assets.

In the event that LCH SA transfers Client Assets pursuant to these Procedures and the CDS Clearing Rule Book, it will also transfer the aggregate Variation Margin and/or rights over aggregate NPV Amounts and next day settlement coupons and fees associated with the transferring Client Cleared Transactions.

5.7 EARLY TERMINATION

A transfer pursuant to Article 5.4.1.1, Article 5.4.1.2 or Article 5.4.1.3 of the CDS Clearing Rule Book will be subject to the receipt by LCH SA of the following:

- (i) a copy of the notice from the relevant CCM to the relevant CCM Client or from the relevant CCM Client to the relevant CCM designating the relevant early termination date or, if such early termination date has occurred automatically, evidence of the relevant event of default or termination event having occurred; and
- (ii) a copy of a notice served by the relevant CCM on the relevant CCM Client alerting that CCM Client of its intention to request LCH SA to transfer the relevant Client Cleared Transactions.

Subject to the receipt of the documents listed in paragraphs 5.7 (i) to (ii) above, LCH SA will arrange a transfer of the relevant Client Cleared Transactions as soon as reasonably practicable (and usually within 24 hours of receipt of the documents).

5.8 UPDATING THE TRADE INFORMATION WAREHOUSE

- (a) Process

LCH SA will ensure that all Cleared Transactions are stored in the CDS Clearing System and replicated in the TIW.

There are two operations involved in the TIW update process, one or both of which will be relevant depending on the event leading to the update:

- the termination of old trades; and
- the creation of new trades.

The following events will require trades in the TIW to be updated by LCH SA:

- Novation of a Backloading Transaction:
 - Termination of the Backloading Transaction where the upfront amount has been paid;
 - Exit of the Backloading Transaction where the upfront amount has not been paid; and
 - Creation of Cleared Transactions
- Novation of an Intraday Transaction:
 - Termination of the Intraday Transaction, if applicable
 - Creation of Cleared Transactions
- Reallocation of a Client Cleared Transaction within a Client Trade Account between branches
 - Termination of the relevant Client Cleared Transaction allocated to the current branch
 - Creation of the Client Cleared Transaction resulting from the reallocation to another branch
- Trade Compression:
 - Termination of Cleared Transactions to be compressed, if applicable
 - Creation of compressed Cleared Transactions, if applicable
- Creation of Restructuring Cleared Transactions
 - Termination, if necessary, of Initial Single Name Cleared Transactions
 - Creation of the Restructuring Cleared Transactions
- Re-couping of the Cleared Transactions

- Exercise of Exercise Cleared Transactions
 - Termination of Exercise Cleared Transactions
 - Creation of Index Cleared Transactions resulting from the exercise

LCH SA will make all relevant registrations in a timely fashion subject to receiving valid data from the relevant Clearing Members and DTCC being active and ensure that the registration is accurate and correct based on the information available to it.

In respect of sub-paragraphs (a) and (b) below, neither LCH SA nor a Clearing Member shall:

- (i) actively do anything that alters the trade confirmation or will prevent DTCC correctly calculating payments; or
 - (ii) make any changes to trades in the TIW which prevent the automated DTCC process being correctly executed on that trade unless authorised by LCH SA. For the avoidance of doubt, the failure by a Clearing Member to match a trade in the TIW will not affect the validity and enforceability of the Cleared Transactions registered within the CDS Clearing System and the related obligations of the relevant Clearing Member.
- (b) Cleared Transactions

In accordance with Article 2.2.1.1 (xx)(b) and Article 3.1.10.2 of the CDS Clearing Rule Book each Clearing Member authorises LCH SA to submit Cleared Transactions created in respect of Intraday Transactions to the TIW on the Clearing Member's behalf.

For all Cleared Transactions, LCH SA will book both trade legs in the TIW.

LCH SA will make all relevant registrations in a timely fashion subject to receiving valid data from the relevant Clearing Members and DTCC being active and ensure that the registration is accurate and correct based on the information available to it.

After a Cleared Transaction is booked in the TIW, the Clearing Member which is a party to such Cleared Transaction may modify the Trade Reference Identifier or workflow data (to the exclusion, for the avoidance of doubt, of any Transaction Data) registered in the TIW. LCH SA will ensure its own records are consistent with such modifications as soon as it receives the relevant TIW notification of such modifications.

- (c) Deemed Submission Authority

A Clearing Member is deemed to have authorised LCH SA to book a trade on behalf of the Clearing Member in accordance with Section 3.1.10 of the CDS Clearing Rule Book and LCH SA will make all relevant registrations in a timely fashion, subject to receiving valid data from the

relevant Clearing Members and DTCC being active, and ensure that the registration is accurate and correct based on the information available to it.

(d) TRIRename function

After a Clearing Member modifies its Trade Reference Identifier in respect of a Cleared Transaction in the TIW, the TRIRename function will allow the CDS Clearing System to be automatically updated with the new Trade Reference Identifier.

5.9 REGISTRATION OF SINGLE NAME CLEARED TRANSACTIONS

Single Name Cleared Transactions will be registered in the Clearing System under the CDSClear Preferred Reference Obligation as defined under Section 4 of the Procedures.

5.10 DIFFERENCES IN RECORDS

Any differences noticed by Clearing Members between the record held by the CDS Clearing System and the TIW should be reported to LCH SA as soon as reasonably practicable.

To the extent that the terms of a Cleared Transaction either in the TIW or in the relevant report provided to the Clearing Member do not reflect, subject to and in accordance with the provisions of the CDS Clearing Rules and the CDS Clearing Supplement Documents, the Original Transaction that was submitted or the terms of the Restructuring Cleared Transaction, LCH SA will amend the records and/or reissue the relevant report, as applicable, to correct the differences as appropriate, to the extent it is authorised to do so.

5.11 REGISTRATION OF CLEARED TRANSACTIONS

(a) STM or CTM Classification of Trade Accounts

Upon creation of each new Trade Account, each relevant Clearing Member (other than FCM/BDs or Clearing Members established under the laws of any state of the United States of America or under the federal laws of the United States of America) shall indicate to LCH SA, in the relevant documentation made available by LCH SA's CDSClear Business Development & Relationship Management team (cdsclearbusinessdevrm@lch.com,) for such purposes from time to time, whether such Trade Account shall be classified as an STM Trade Account or a CTM Trade Account. In the absence of any such election at the time the request for the creation of a relevant Trade Account is received by LCH SA, such Trade Account shall be classified as a CTM Trade Account.

(b) Notification of registration

Following registration of the Cleared Transactions reflecting an Original Transaction, the CDS Clearing System will publish the confirmation of novation via the Cleared Trades Report available through any reporting mechanism specified in a Clearing Notice. Details of Cleared Transactions are also available through any reporting mechanism specified in a Clearing Notice. Confirmation of novation will also be reported through the relevant Approved Trade Source System, if it has such functionality.

(c) Update of the Product Family Form

In accordance with Article 2.2.0.4, or as the case may be Article 3.1.6.8, of the CDS Clearing Rule Book, a Select Member is entitled to add or remove any Product Family indicated in its

Product Family Form by sending a copy of a duly signed updated Product Family Form by email LCH SA's CDSClear Business Development & Relationship Management team at cdsclearbusinessdevrm@lch.com, provided that a Select Member may request the removal of a Product Family only if all of its Cleared Transactions registered in its House Account (and, if applicable, in the Client Account Structures of Affiliated Firms to which such Select Member provides CDS Client Clearing Services) Structure belong to the outstanding Product Families indicated in its updated Product Family Form.

(d) Conversion of STM Cleared Transactions

Following its receipt of a request (an "**STM Conversion Request**") made by a Converting Clearing Member pursuant to Article 3.1.10.8 of the CDS Clearing Rule Book, LCH SA may, in its sole and absolute discretion, nominate a Business Day (the "**STM Conversion Date**") from, and including, which the relevant CTM Trade Account shall, subject to the satisfaction of the conditions specified below in this paragraph (d), become an STM Trade Account and all the Cleared Transactions registered in such Trade Account shall cease to be registered as CTM Cleared Transactions and shall immediately and automatically become STM Cleared Transaction.

For the avoidance of doubt, if LCH SA determines that it shall convert a CTM Trade Account into an STM Trade Account, such conversion shall be effected through LCH SA making such conversion in its systems and not through LCH SA and the Converting Clearing Member terminating the relevant CTM Transactions and entering into new Cleared Transactions registered into an STM Trade Account.

The occurrence of an STM Conversion Date in respect of an STM Trade Account shall be subject to the condition precedent that:

- (i) the Converting Clearing Member is not a Defaulting Clearing Member;
- (ii) no early termination date, howsoever described in the relevant CDS Client Clearing Agreement, has occurred in respect of the relevant Deemed Client Transactions(s);
- (iii) the conversion of that CTM Trade Account to an STM Trade Account would not violate or result in the violation of any applicable law or regulation;
- (iv) the Converting Clearing Member has satisfied all of its Cash Payment and Variation Margin and Collateral transfer obligations including any Margin Requirements, Variation Margin Requirements and Cash Payments in respect of the Cleared Transactions registered in that CTM Trade Account up to, but excluding, the STM Conversion Date. The Converting Clearing Member shall satisfy such Margin Requirements and Variation Margin Requirements in accordance with the CDS Clearing Rules, as would ordinarily be the case;
- (v) the Converting Clearing Member has paid to LCH SA, or LCH SA has paid to the Converting Clearing Member (as applicable), any cash settlement amount that LCH SA determines (in its sole and absolute discretion) must be paid to ensure that the net present value of each Cleared Transaction registered in the relevant Trade Account shall be equal to zero on the STM Conversion Date. The Converting Clearing Member and LCH SA agree that LCH SA may, in its sole and absolute discretion, apply any Variation Margin transferred to and held by LCH SA in respect of the Cleared Transaction registered in the relevant Trade Account to satisfy (in whole or in part)

the Converting Clearing Member's obligation to pay the amount (if any) required under this paragraph in relation to each such Cleared Transaction. The Converting Member and LCH SA agree that any Variation Margin transferred to and held by the Converting Clearing Member in respect of the Cleared Transaction registered in the relevant Trade Account shall be applied to satisfy (in whole or in part) LCH SA's obligation to pay the amount (if any) required under this paragraph in relation to each such Cleared Transaction; and

- (vi) all other conditions stipulated by LCH SA have been complied with in a manner satisfactory to it.

Each time a Clearing Member delivers an STM Conversion Request that Clearing Member:

- a. agrees and acknowledges for the benefit of LCH SA that if an STM Conversion Date occurs in respect of any CTM Trade Account, such Trade Account and the Cleared Transaction registered therein cannot, in any circumstance, be re-converted into, respectively, a CTM Trade Account and CTM Cleared Transactions; and
- b. is deemed to represent to LCH SA that the person, agent, officer, employee, or representative that delivers that STM Conversion Request is fully authorised by it to do so, and has the requisite power to bind the Converting Clearing Member in this regard.

5.12 HEDGING TRANSACTIONS

LCH SA may enter into a CDS or an Index Swaption with a Clearing Member for hedging purposes (a "Hedging Transaction") pursuant to Clause 2.1.1 of the CDS Default Management Process. A Hedging Transaction will be executed as an OTC transaction by a Clearing Member on day D and will be cleared in the same manner as a Daily Backloading Transaction on D+1 save that it will be between LCH SA and a Clearing Member.

5.13 REVERSING OF TRADES

Where a Clearing Member identifies an Original Transaction that it has cleared in error it may reverse the transaction by submitting an equal but opposite transaction via an Approved Trade Source System to LCH SA for clearing and then using compression pursuant to paragraph 5.5 of these Procedures. In such instances, for the avoidance of doubt the Clearing Member shall be solely responsible for entering into any bilateral transaction necessary to reverse the Original Transaction that was cleared in error.

5.14 MAXIMUM NOTIONAL AMOUNT

[This section is not used.]

5.15 RECOUPONING

In accordance with Part A or Part B of the CDS Clearing Supplement, LCH SA may, with the prior consent of all relevant Clearing Members, perform a re-couponing on any Restructuring Cleared Transaction (or portion thereof) in respect of which a valid Credit Event Notice is not delivered during the relevant CEN Triggering Period if the Fixed Rate of such Restructuring Cleared Transaction is not an Eligible Fixed Rate.

In the case of a re-couponsing, the Restructuring Cleared Transaction will be terminated and replaced by two new Cleared Transactions: the “First Resulting Transaction” and the “Second Resulting Transaction”.

The terms of the resulting Cleared Transactions will be identical to those of the Restructuring Cleared Transaction except that:

the Fixed Rate applicable for the First Resulting Transaction (“C1”) will be the highest Eligible Fixed Rate that is inferior to the Fixed Rate of the Restructuring Cleared Transaction (“C”);

the Fixed Rate applicable for the Second Resulting Transaction (“C2”) will be the lowest Eligible Fixed Rate that is superior to the Fixed Rate of the Restructuring Cleared Transaction (“C”);

The Floating Rate Payer Calculation Amount of the First Resulting Transaction (“N1”) will be calculated as per below:

$$N1 = N \times \frac{(C - C2)}{(C1 - C2)}$$

Where N is the Floating Rate Payer Calculation Amount of the Restructuring Cleared Transaction.

The Floating Rate Payer Calculation Amount of the Second Resulting Transaction (“N2”) will be calculated as per below:

$$N2 = N \times \frac{(C - C1)}{(C2 - C1)}$$

Where N is the Floating Rate Payer Calculation Amount of the Restructuring Cleared Transaction.

The Trade Date for the First Resulting Transaction and the Second Resulting Transaction will be the date on which the re-couponsing is performed;

The Transaction Type for the First Resulting Transaction and the Second Resulting Transaction will be Standard European Corporate.

Single Name Cleared Transactions resulting from a re-couponsing will be registered in the Clearing System under the CDSClear Preferred Reference Obligation as defined under Section 4 of the Procedures.

will be based on the relative position of the price of Exercise compared to reference prices determined by LCH SA in its sole discretion and provided in the EEP. Any Option Intent which does not pass such logicality controls will be deemed illogical and will not be registered in the EEP.

Notwithstanding the above, Clearing Members and Exercise Delegation Beneficiaries may elect to bypass such logicality controls by specifying “Confirm” (or “Force”, as applicable) in relation to the relevant Option Intent when submitting such Option Intent (“**Force Submission**”).

Clearing Members and Exercise Delegation Beneficiaries shall be informed as soon as reasonably practicable by LCH SA any time an Option Intent is deemed illogical, and such Clearing Member or Exercise Delegation Beneficiary may then elect to re-submit such Option Intent and Force Submission in relation to such Option Intent.

LCH SA will not carry out logicality controls in respect of any Option Intent in respect of which the relevant Clearing Member or Exercise Delegation Beneficiary has elected to Force Submission in relation to. Before registering any Option Intent submitted through (i) the LCH Portal or (ii) in case of Exercise Delegation, a Client Portal Account identified in the relevant Exercise Delegation Form received by LCH SA, LCH SA will ensure that:

- (i) such Option Intent is submitted by a user who (a) is connected with the proper user ID and password and (b) based on such ID and password, is duly authorised to Exercise or Abandon, as applicable, the relevant Exercise Cleared Transactions;
- (ii) an Option Intent has not already been submitted in the EEP in respect of the relevant Exercise Cleared Transaction (other than a partial Exercise);
- (iii) the Option Intent passes the logicality controls or the relevant Clearing Member or Exercise Delegation Beneficiary has Forced Submission, as described above.

LCH SA will not be required to carry out any further control.
